

MEDI-CLAVE®

Turnkey solutions for today's cssd

Company Profile

**EXCELLENCE PRESENTS THE WISE CHOICES
OF MANY ALTERNATIVES!**

By focusing our resources on wise choices and not compromising on any alternatives, Medi-Clave manufactures local quality sterilizing equipment, to provide you with a wise choice of sterility.

**Active throughout
Africa!**

Building autoclaves in Africa for Africa Since 1999!

Our core business is the manufacturing, refurbishing, servicing and maintenance of all autoclaves.

With the widest range of autoclaves available in Southern Africa that varies from an impressive
2.7l - 7000l.

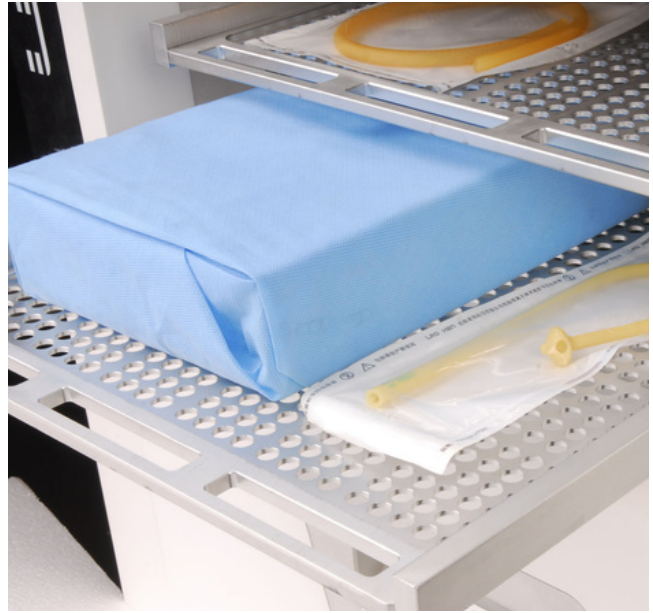

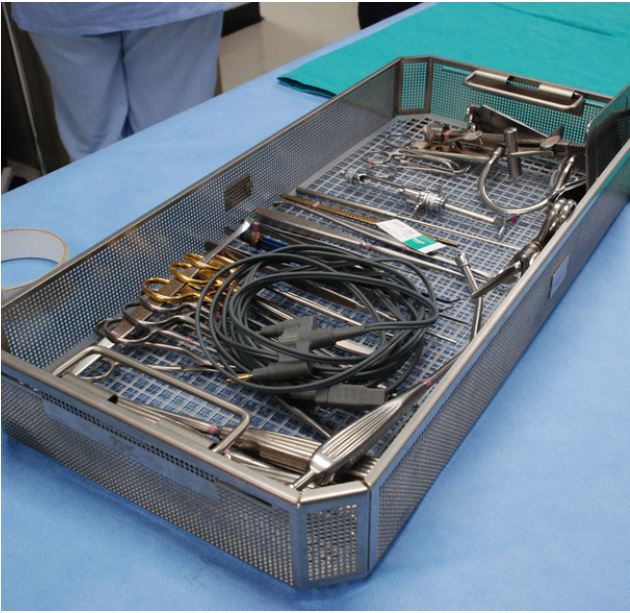

Our autoclaves boast about revolutionary water saving abilities using up to **70%** less water than all other conventional hospital autoclaves.

It has always been our policy to re-invest significant amounts of our profits back into product development, manufacturing systems and equipment.

Our robust autoclave system, used during the Ebola crisis proved so effective that Medi-Clave was invited by the UN(United Nations) to showcase the unit in Switzerland.

Sterilizing is our business and our only business!

"We firmly believe that we are more than qualified and consist of the necessary expertise and experience to assist you!"

We are proud of our high-quality Standards and Policy to strive for perfection through continuous improvements of our abilities, quality systems, products and services.

Our Quality Management System is used to guide our employees on quality, customer and regulatory requirements that needs to be met and maintained to ensure continuous improvement and to create an empowered workforce.

Our QMS meets the requirements of the International Standards:

- ISO3834:2021
- ISO9001:2015
- ISO13485:2016

We are licensed by SAPHRA with a Medical Device License to Manufacture and Wholesale medical devices, certified to SANS 347:2019 along with SANS 9001:2015 and SANS13485:2018.

We are proud distributors of:
